"SlimPasta is high in dietary fibre, it swells slightly in your stomach to make you feel full without adding a lot of calories to your meal, therefore assisting in weight loss and weight management." – Tarryn Mackie, Nutritionist

SlimPasta is naturally made of a root vegetable called Konjac which is high in dietary fibre, low in calorie and a low carbohydrate food, used for centuries in Japan because of its health benefits. SlimPasta has only up to 14 calories and zero net carbohydrates per 100g.

Available in the health food aisle of selected Woolworths, independent supermarkets, health food stores, pharmacies, gyms and dietitian clinics nationally.
